Reports

John Hord, DOI, gave a brief update on the Risk Location Verification vendors. All 10 vendors have been re-approved by the DOI to continue service, they will be re-tested in 3 years. Mr. Hord informed membership that he is currently looking at adding 2 new vendors, but that they are still in the early process of approval. He also noted that these vendors shall not use a P.O. box, but instead are required to provide a formal address. Mr. Hord explained that DOI is now focusing on the 2020 non-filers, and the numbers are similar from the 2019 non-filer list; 478 brokers, and 182 companies. Mr. Hord seems to believe that everyone is gearing up and ready for the July 2021 filing of renewals and gave a brief explanation of Tax code A.
