

## REGULATORY IMPACT ANALYSIS AND TIERING STATEMENT

Regulation: 806 KAR 14:007

Contact Person: Abigail Gall

Phone: +1 (502) 564-6026

Email: abigail.gall@ky.gov

(1) Provide a brief summary of:

(a) What this administrative regulation does: This administrative regulation establishes rate and form filing procedures for health insurers so the executive director will have relevant information to approve or disapprove a filing.

(b) The necessity of this administrative regulation: KRS 304.14-120 requires all policy forms to be delivered or issued in Kentucky to be filed with and approved by the executive director before being issued or delivered. KRS 304.14-130 requires the executive director to determine whether the benefits in the policy are reasonably related to the premium charged. This administrative regulation is necessary to establish the procedures for insurers to file forms and rates with the executive director in accordance with the law.

(c) How this administrative regulation conforms to the content of the authorizing statutes: KRS 304.2-110 authorizes the executive director to promulgate reasonable administrative rules and administrative regulations necessary for or as an aid to the effectuation of any provision of the Kentucky Insurance Code, KRS 304.1-010 through 304.99-152. This administrative regulation establishes rate and form filing procedures for health insurers.

(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: This administrative regulation will assist the executive director in the proper review of form and rate filings in accordance with the law.

(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:

(a) How the amendment will change this existing administrative regulation: The amendments to this administrative regulation are to meet Chapter 13A drafting requirements, and to require health rate a form filings to be accompanied by a Face Sheet and a verification HIPMC-F1. This requirement would be relevant to entities filing rates and forms concerning a health benefit plan, as well as limited health benefit plans.

(b) The necessity of the amendment to this administrative regulation: The amendments to this administrative regulation are necessary to meet uniform drafting rules as well as update the process of health filings. There are amendments to exclude certain filing forms as they are no longer necessary in the process established in this administrative regulation.

- (c) How the amendment conforms to the content of the authorizing statutes: KRS 304.2-110 authorizes the Commissioner to promulgate administrative regulations that and these amendments aide in the effectuation of the Insurance Code.
- (d) How the amendment will assist in the effective administration of the statutes: These amendments meet the requirements of Chapter 13A as well as setting the standards for health filings.
- (3) List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation: This regulation affects the 470 licensed insurers writing health insurance in the state of Kentucky.
- (4) Provide an analysis of how the entities identified in the previous question will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:
- (a) List the actions each of the regulated entities have to take to comply with this regulation or amendment: The changes made in this administrative regulation set new requirements for health rate and form filings to be accompanied by a Face Sheet and a verification HIPMC-F1.
- (b) In complying with this administrative regulation or amendment, how much will it cost each of the entities: The insurers will be responsible for copying and delivery costs. Because insurers are currently required to file this information, the cost to insurers should not increase significantly, if at all.
- (c) As a result of compliance, what benefits will accrue to the entities: Meeting the proper filing requirements means filings are more likely to be approved and accepted by the Commissioner.
- (5) Provide an estimate of how much it will cost the administrative body to implement this administrative regulation: No cost is expected.
- (a) Initially: Implementation of this amendment is not anticipated to have an initial cost on the Department of Insurance.
- (b) On a continuing basis: Implementation of this amendment is not anticipated to have an on-going cost on the Department of Insurance.
- (6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation: The Department will use funds from its current operational budget to perform the tasks necessary.

(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment: An increase of fees will not be necessary because additional personnel is likely unnecessary.

(8) State whether or not this administrative regulation established any fees or directly or indirectly increased any fees: This administrative regulation does not establish any fees.

(9) TIERING: Is tiering applied? Explain why or why not. Tiering is not applied because this administrative regulation applies to all insurers.
